🚦 Endoproteza lakta u Srbiji – da li je vreme za novi početak?

➤ Elbow endoprosthesis in Serbia - is it time for a new beginning?

10:15 – 10:30 Dr Novak Jovanović, MD, PhD, Serbia

 Prelomi proksimalnog humerusa

- **Fractures of the proximal humerus**

10:30 – 10:45 Prof dr Srđan Ninković, MD, PhD, Serbia

 Hirurški tretman prednje nestabilnosti ramena

- **Surgical treatment of anterior shoulder instability**

10:45 – 11:00 Dr Nenad Petkov, MD, PhD, N. Macedonia

 Uloga tetivnog transfera kod posterosuperiorne rupture rotatorne manžetne

- **Role of tendon transfers for posterosuperior rotator cuff tears**

11:00 – 11:15 Doc dr Vladan Stevanović, MD, PhD, Serbia

 Savremeni koncepti lečenja ruptura rotatorne manžetne – između dokaza, iskustva i novih tehnologija

- **Contemporary management of rotator cuff tears – Balancing evidence, experience and emerging technologies**

11:15 – 11:30 Dr Luigi Piscitelli, MD, Italy

 Rupture rotatorne manžetne; kada operisati a kada lečiti konzervativno? Moje lično iskustvo

- **Rotator cuff tears; when treat it or when conservative treatment? My personal experience**

11:30 – 11:45 Dr Christos Koukos, MD, PhD, Germany

- **Plikacija seratus anteriora**
 - **Seratus anterior plication**

11:45 – 12:00 Dr Christos Koukos, MD, PhD, Germany

- **Opuštanje pektoralis minora**
 - **Pectoralis minor release**

12:00 – 12:15 Dr Luigi Piscitelli, MD, Italy

- **Reverzna proteza ramena, gde smo mi sad? Moje lično iskustvo i moj hirurški pristup**
 - **Reverse shoulder prosthesis, where are we now? My personal experience and my surgical approach**

12:15 – 12:30 Dr Nenad Petkov, MD, PhD, North Macedonia

- **Koštani defekt glenoida kod reverzne proteze ramena. Važnost preoperativnog planiranja**
 - **Glenoid bone defect in RSA. Importance of preoperative planing**

12:30 – 12:45 Dr Novak Jovanović, MD, PhD, Serbia

- **Šta nakon totalne proteze ramena?**
 - **What after total shoulder arthroplasty?**

12:45 – 13:00 Diskusija / Discussion

13:00 – 14:30 RUČAK / LUNCH (buffet style with soft drinks and self-service)

14:30 – 18:30 Plenarna Sesija II

Moderatori / Moderators:

Predavači po pozivu / Invited lectures

14:30 – 14:45 Doc dr Darko Laketić, MD, PhD, Serbia

- **Nova saznanja o arterijskoj vaskularizaciji prednjeg ukrštenog ligamenta (ACL)**
 - **New insights into the arterial vascularization of the anterior cruciate ligament (ACL)**

14:45 – 15:00 Dr Jens Stueber, MD, Germany

- **Strategija snabdevanja rupture distalne tetive semitendinozusa kod mladih sportista, prikaz slučaja**
 - **Supply strategy of a distal semitendinosus tendon rupture in young athletes, a case report**

15:00 – 15:15 Prof dr Srđan Ninković, MD, PhD, Serbia

- **Lečenje povreda lateralnog kolateralnog ligamenta kolena**
 - **Treatment of knee LCL injury**

15:15 – 15:30 Dr Zoran Nestorovski, MD, PhD, North Macedonia

- **LCA / LCP / ALL rekonstrukcija**
 - **ACL / PCL / ALL reconstruction**

15:30 – 15:45 Dr Jens Stueber, MD, Germany

- **Smernice i realnost kod rupture prednjeg ukrštenog ligamenta u Nemačkoj**
 - **Guidelines and supply reality of anterior crucial ligament rupture in Germany**

15:45 – 16:00 Prof dr Aleskandar Matić, MD, PhD, Serbia

- **Eminencija tibije – mali fragment, velika dilema (Reinsercija ACL-a kod adolescenata)**
 - **Tibial eminence – small fragment, big dilemma (ACL reinsertion in adolescents)**

16:00 – 16:15 Prof dr Alex Artemiev, MD, PhD, Russia

- **Tehnika „akutnog skraćivanja“ u lečenju teških (uključujući i prostrelne) preloma tibije i njihovih posledica**
 - **"Acute shortening" technique in the treatment of severe (including gunshot) fractures of the tibia and their consequences**

16:15 – 16:30 Kafe pauza / Coffee break

16:30 – 16:45 Prof dr Viktor Kamnar, MD, PhD, North Macedonia

- **Hirurško lečenje rekurentnog difuznog tenosinovijalnog gigantoćelijskog tumora stopala sa invazijom tarzalne kosti**
 - **Surgical management of recurrent diffuse tenosynovial Giant Cell tumor of the foot with tarsal bone Invasion**

16:45 – 17:00 Prof dr Viktor Kamnar, MD, PhD, North Macedonia

- **Lokalno rekurentni i metastatski gigantocelularni tumor distalnog femura**
 - **Locally recurrent and metastatic Giant Cell tumor of the distal femur**

17:00 – 17:15 Dr Bianca Ailing Metzner, MD, Germany

- **Minimalno invazivna korekcija Pes Cavus-a: Od koncepta do kliničke prakse / MIS tehnika korekcije Pes Cavus-a**
 - **Minimal Invasive Pes Cavus correction: From concept to clinical practice / MIS technique for Pes Cavus correction**

17:15 – 17:30 Prof dr Alex Artemiev, MD, PhD, Russia

- **Ilizarovljeva metoda u prevenciji i lečenju osteoartritisa kolena**

- Ilizarov method in prevention and treatment of knee osteoarthritis

17:30 – 17:45 Prof dr Nikola Bulatović, MD, PhD, Montenegro

- Liječenje preloma acetabuluma korišćenjem KL pristupa
 - Treatment of acetabulum fractures using the KL approach

17:45 – 18:00 Prof dr Saša Milenković, MD, PhD, Serbia

- Hirurško lečenje kompleksnih preloma acetabuluma
 - Surgical treatment of complex acetabulum fractures

18:00 – 18:30 Diskusija / Discussion

SALA 2. / HALL 2.

14:30 – 17:45 Plenarna Sesija III

Moderatori / Moderators: Branko Ristić, Slaviša Zagorac, Predrag Stojiljković

Predavači po pozivu / Invited lectures

14:30 – 14:45 Doc dr Slaviša Zagorac, MD, PhD, Serbia

- Ortopedski hirurg u sudsko-medicinskoj praksi - "oprezan retko greši"
 - Orthopedic surgeon in forensic medicine practice - "the cautious are rarely wrong"

14:45 – 15:00 Prof dr Branko Ristić, MD, PhD, Serbia

- Ortopedska hirurgija: Juče, danas, sutra
 - Orthopedic surgery: Yesterday, today, tomorrow

15:00 – 15:15 Prof dr Goran Tulić, MD, PhD, Serbia

- Paradigma ortopedskog hirurga 21. Veka
 - Paradigm of the orthopedic surgeon of the 21st century

15:15 – 15:30 Prof dr Radmila Matijević, MD, PhD, Serbia

- Zašto je program prevencije osteoporotskih preloma prijatelj ortopeda
 - Fracture prevention: Friend, not foe, of orthopedic surgery

15:30 – 15:45 Ass Dr Oliver Dulić, MD, PhD, Serbia

- **Efekat intraoperativne aplikacije BMAC (bone marrow aspirate concentrate) kod pacijenata sa avaskularnom nekrozom glave butne kosti lečenih metodom dekompresije i revaskularizacije sa augmentacijom autogrefonom - rezultat desetogodišnjeg praćenja kod 48 pacijenata**
 - **The effect of intraoperative application of BMAC (bone marrow aspirate concentrate) in patients with avascular necrosis of the femoral head treated with the method of decompression and revascularization with autograft augmentation - the result of a ten-year follow-up in 48 patients**

15:45 – 16:00 Prof dr Dragoljub Živanović, MD, PhD, Serbia

- **Artikularni prelomi kolena u dece**
 - **Articular knee fractures in children**

16:15 – 16:30 Prof dr Dragoljub Živanović, MD, PhD, Serbia

- **Prelomi distalne trećine podlaktice u dece - terapijske dileme**
 - **Fractures of the distal third of the forearm in children - therapeutic dilemmas**

16:30 – 16:45 Dr Igor Kostić, MD, PhD, Serbia

Značaj fiksacije zadnjeg maleolusa kod preloma skočnog zgloba

- **The importance of fixation of the posterior malleolus in ankle fractures**

16:45 – 17:00 Prof dr Predrag Stojiljković, MD, PhD, Serbia

Rizici u lečenju preloma butne kosti kod politraume

- **Risks in the treatment of femur fractures in polytrauma**

17:00 – 17:15 Doc dr Milan Mitković, MD, PhD, Serbia

Značaj dinamizacije u ekstramedularnoj fiksaciji preloma dijafize butne kosti

- **The significance of dynamization in extramedullary fixation of femoral shaft fractures**

17:15 - 17:45 Diskusija / Discussion

Subota – 28. Novembar 2026 / Saturday – 28th November 2025

09:00 – 13:30 Plenarna Sesija IV – Sala 1

Moderatori / Moderators:

Predavači po pozivu / Invited lectures

09:00 – 09:15 Prof dr Goran Tulić, MD, PhD, Serbia

- **Moj put kroz kuk: Me, myself, and I...**
- **My path through the hip: Me, myself, and I...**

09:15 – 09:30 Prof dr Ulrich Noeth, MD, PhD, Germany

- **Kako će digitalizacija i veštačka inteligencija promeniti naš rad hirurga artroplastičara**
- **How digitalization and Artificial Intelligence will change our work as arthroplasty surgeons**

09:30 – 09:45 Prof dr Zoran Baščarević, MD, PhD, Serbia; Dr Marko Vujačić, MD, Serbia

- **Uticaj spino-pelvične mobilnosti na totalnu artroplastiku kuka**
- **The impact of spino-pelvic mobility on total hip arthroplasty**

09:45 – 10:00 Dr Njegoš Čvorak, MD, Austria

- **Prevenција infekcije hirurške rane u artroplastici**
- **Preventing surgical site infection (SSI) in arthroplasty**

10:15 – 10:30 Prof. dr Nemanja Slavković, MD, PhD, Serbia

- **Mesto kratkih femoralnih stemova u savremenoj artroplastici kuka**
- **Place of short femoral stems in modern hip arthroplasty**

10:30 – 10:45 Ass Dr Danilo Jeremić, MD, PhD, Serbia

- **Minimalno invazivni prednji (Bikini) pristup u totalnoj artroplastici kuka – korak po korak**
- **Minimally invasive anterior (Bikini) approach in total hip arthroplasty - step by step**

10:45 – 11:00 Ass Dr Danilo Jeremić, MD, PhD, Serbia

- **Rotacija karličnog prstena – tehnička inovacija u minimalno invazivnom prednjem (Bikini) pristupu totalnoj artroplastici**
- **Rotation of the pelvic ring – a technical innovation in the minimally invasive anterior (Bikini) approach to total arthroplasty**

11:00 – 11:15 Dr Njegoš Čvorak, MD, Austria

- **Prevenција postoperativog iščašenja proteze kuka i impidženta**
- **Preventing postoperative hip dislocation and component impingement**

11:15 – 11:45 Diskusija / Discussion

11:45 – 12:00 Kafe pauza / Coffee break

12:00 – 12:15 Prof dr Igor Kaftandjiev, MD, PhD, North Macedonia

- **Aktuelni koncepti u lečenju preloma proksimalnog dela femura u gerijatrijskoj populaciji**
- **Current concepts in the management of proximal femoral fractures in the geriatric population**

12:15 – 12:30 Prof dr Igor Kaftandjiev, MD, PhD, North Macedonia

- **Periprotetski prelomi femura nakon totalne artroplastike kuka: Koncept lečenja**
- **Femoral periprosthetic fractures following Total hip arthroplasty: Concept of management**

12:30 – 12:45 Prof dr Branko Ristić, MD, PhD, Serbia

- **Artroplastika posle neuspeha osteosinteze ekstrakapsularnog preloma kuka**
- **Arthroplasty after failed osteosynthesis of extracapsular hip fracture**

12:45 – 13:00 Prof dr Zoran Baščarević, MD, PhD, Serbia; Dr Andreja Baljžević, MD, Serbia

- **Dijagnostika i lečenje periprotetskih infekcija**
- **Diagnosis and treatment of periprosthetic infections**

13:00 – 13:30 Diskusija / Discussion

13:30 – 15:00 RUČAK / LUNCH (buffet style with soft drinks and self-service)

15:00 – 19:00 **Plenarna Sesija V – Sala 1**

Moderatori / Moderators:

Predavači po pozivu / Invited lectures

15:00 – 15:15 Prof dr Ulrich Noeth, MD, PhD, Germany

- **Automatizovano robotsko kinematsko poravnanje – Novi standard u artroplastici kolena?**
- **Automated robotic kinematic alignment – The new standard in knee arthroplasty?**

15:15 – 15:30 Dr Zoran Nestorovski, MD, PhD, North Macedonia

- **Pravi momenat za unikondilarnu protezu kolena**
- **Optimal time for UKA**

15:30 – 15:45 Prof dr Nemanja Slavković, MD, PhD, Serbia

- **Uloga implantata s povećanom stabilnošću u primarnoj artroplastici kolena**
- **The role of implants with increased stability in primary knee arthroplasty**

15:45 – 16:00 Prof dr Predrag Rašović, MD, PhD, Serbia

- **Artropalstične procedure u hemofiliji**
- **Arthroplasty procedures in hemophilia**

16:00 – 16:15 Prof dr Aleksandar Matić, MD, PhD, Serbia

- **Komplikovane primarne artroplastike kolena**
- **Complicated primary knee arthroplasties**

16:15 – 16:30 Dr Miloš Stojanović, MD, Germany

- **Lečenje patelarne nestabilnosti nakon totalne artroplastike kolena: Da li je rekonstrukcija MPFL-a rešenje?**
- **Management of patellar instability after total knee arthroplasty: Is MPFL reconstruction the solution?**

16:30 – 16:45 Diskusija / Discussion

16:45 – 17:00 Kafe pauza / Coffee break

17:00 – 17:15 Prof dr Nikola Bulatović, MD, PhD, Montenegro

- **Periprotetski prelomi kod TPK**
- **Periprosthetic fractures in TKA**

17:15 – 17:30 Dr Slađan Timotijević, MD, PhD, Serbia

- **Totalna artroplastika kolena nakon medijalne unikompartmalne artroplastike kolena**
- **Total knee arthroplasty after medial unicompartmental knee arthroplasty**

17:30 – 17:45 Ass Dr Oliver Dulić, MD, PhD, Serbia

- **Uticaj ranog postoperativnog hlađenja kolena na rani postoperativni tok kod pacijenata kojima je ugrađena totalna proteza kolena**
- **The influence of early postoperative cooling of the knee on the early postoperative recovery in patients with a total knee prosthesis**

17:45 – 18:00 Dr Bianca Ailing Metzner, MD, Germany

- **Minimalno invazivna korekcija Hallux valgus-a**
- **Minimally invasive Hallux valgus correction**

18:00 – 18:15 Dr Bore Bakota, MD, PhD, FICS, Austria

- **Politrauma u gerijatrijskoj populaciji**
- **Polytrauma in geriatric patients**

18:15 – 18:30 Doc dr Slaviša Zagorac, MD, PhD, Serbia

- **Nove tehnologije i AI u spinalnoj patologiji**
- **New technologies and AI in spinal pathology**

18:30 – 19:00 Diskusija / Discussion

21:00 – 23:30 DINNER WITH FACULTY

Nedelja – 29. Novembar 2026 / Sunday – 29th November 2026

10:00 – 12:00 **Sesija prijavljenih radova – Sala 1**

Moderatori / Moderators:

10:00 – 12:00 **Sesija medicinskih sestara i tehničara – Sala 2**

Moderatori / Moderators:

12:00 – 12:30 **SVEČANO ZATVARANJE KONGRESA / CONGRESS CLOSING CEREMONY**

Predsednik kongresa / Congress President

Prof. dr Ivan Micić
